2017-2018 School Profile

Mission

At Norwalk Catholic School our mission is to develop Disciples of Christ, promote academic excellence and foster a respectful community. Each student is empowered to achieve their full potential personally, morally, academically, physically, and spiritually. Students are encouraged to live a life of service and fellowship.

School Overview

St. Paul High School was established in 1906 as a two year commercial school. It became an established four year high school in 1923. Today, nearly 4,000 alumni located around the world serve their communities professionally and personally. St. Paul High School is a co-ed Catholic high school located in northern Ohio. Our student body consists of families from Huron, Erie, Lorain and Sandusky Counties.

Service

Service is an integral part of student life at St. Paul High School and an extension of the students' baptismal call to be Christ to others. Fulfilling this responsibility/requirement directly exemplifies the mission of Norwalk Catholic School. All students in grades 9-11 are required to complete 25 service hours annually. In addition to the 75 service hours required, seniors also complete a Senior Project which is meant for them to showcase the unique gifts the Spirit has given them. The senior project consists of a minimum of 25 service hours, for a total of at least 100 hours of service prior to graduation.

Philosophy of Education

NCS Jr. High and St. Paul High are founded on the Christian tradition that education is the development of the total person. An educated person must have a respect for self, a love of fellow man, a commitment to social responsibilities, and an appreciation of truth and learning. A Christian education must help a person learn to be a Christian by conviction, not by mere conformity.

NCS Jr. High and St. Paul High aim to provide an integrated program to enable young people to live their lives to the fullest and grow toward Christian adulthood. The school: tries to develop a positive self-image and an inquisitive mind, alive and responsive to the daily discovery of new knowledge; strives to aid students in establishing a hierarchy of values that will help them live as responsible adults in an ever-changing society; endeavors to prepare them to transform the world into the Kingdom of God.

Curriculum

St. Paul High School's curriculum is academically challenging and provides solid college preparation. Students are constantly encouraged to challenge themselves in order to develop their God-given potential. Teachers are committed to supporting students as they achieve more than they thought possible. The academic calendar is organized in four, nine (9) week periods.

- ✦ All students must be enrolled in a minimum of seven (7) classes per semester.
- ✦ AP courses in US Government and English Language and Composition are available to juniors.
- ✦ AP courses in Biology and English Literature and Composition are available to seniors.
- ✦ Students in grades 7-12 who test college ready may enroll in college courses through the College Credit Plus Program.
- ✦ Students may participate in the DOLI (Diocesan Online Learning Initiatives) program. This program allows our students a wider selection of course offerings, particularly advanced courses.
